SECTION 7. IC 4-4-11-17 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 17. (a) The authority may enter into negotiations with one (1) or more persons concerning the terms and conditions of financing agreements for industrial development projects. The authority shall consider whether a proposed industrial development project may have an adverse competitive effect on similar industrial development projects already constructed or operating in the local governmental unit where the industrial development project will be located. Preliminary expenses in connection with negotiations under this section may be paid from:

- (1) money furnished by the proposed user or developer;
- (2) money made available by the state or federal government, or by any of their departments or agencies; or
- (3) money of the authority. ~~exclusive of the industrial development project guaranty fund:~~
- (b) The authority shall prepare a report that:
  - (1) briefly describes the proposed industrial development project;
  - (2) estimates the number and expense of public works or services that would be made necessary or desirable by the proposed industrial development project, including public ways, schools, water, sewers, street lights, and fire protection;
  - (3) estimates the total costs of the proposed industrial development project;
  - (4) for an industrial development project that is not exclusively either a pollution control facility or an educational facility project, estimates the number of jobs and the payroll to be created or saved by the project;
  - (5) for pollution control facilities, describes the facilities and how they will abate, reduce, or prevent pollution;
  - (6) for educational facility projects, describes how the project promotes the educational enrichment (including cultural, intellectual, scientific, or artistic opportunities) of the people of the state; and
  - (7) for child care facility projects, describes the facilities and how the facilities promote accessibility to and increased options for child care for the people of the state.

The report shall be submitted to the executive director or chairman of the plan commission, if any, having jurisdiction over the industrial development project and, if the number of new jobs estimated exceeds one hundred (100), to the superintendent of the school corporation where the industrial development project will be located. The executive

director or chairman of the plan commission and the school superintendent may formulate their written comments concerning the report and transmit their comments, if any, to the authority within five (5) days from the receipt of the report.

(c) The authority shall hold a public hearing, which may be conducted by the authority, or any officer, member, or agent designated thereby, on the proposed financing agreement for the industrial development project, after giving notice by publication in one (1) newspaper of general circulation in the city, town, or county where the industrial development project is to be located at least ten (10) days in advance of this public hearing.

(d) If the authority finds that the industrial development project will be of benefit to the health, safety, morals, and general welfare of the area where the industrial development project is to be located, and complies with the purposes and provisions of this chapter, it may by resolution approve the proposed financing agreement. This resolution may also authorize the issuance of bonds payable solely from revenues and receipts derived from the financing agreement or from payments made under an agreement to guarantee obligations of the developer, a user, a related person, or the authority by a developer, a user, a related person thereto, or the authority **and the Indiana economic development corporation** pursuant to the industrial development project guaranty fund **under IC 5-28-30**. The bonds are not in any respect a general obligation of the state, nor are they payable in any manner from revenues raised by taxation.

(e) A financing agreement approved under this section must provide for payments in an amount sufficient to pay the principal of, premium, if any, and interest on the bonds authorized for the financing of the industrial development project. However, interest payments for the anticipated construction period, plus a period of not more than one (1) year, may be funded in the bond issue. The term of a financing agreement may not exceed fifty (50) years from the date of any bonds issued under the financing agreement. However, a financing agreement does not terminate after fifty (50) years if a default under that financing agreement remains uncured, unless the termination is authorized by the terms of the financing agreement. If the authority retains an interest in the industrial development project, the financing agreement must require the user or the developer to pay all costs of maintenance, repair, taxes, assessments, insurance premiums, trustee's fees, and any other expenses relating to the industrial development projects, so that the authority will not incur any expenses on account of the industrial development projects other than those that are covered by the payments

(B) creating business opportunities;

(C) educational enrichment (including cultural, intellectual, scientific, or artistic opportunities);

(A) the lesser of:

- (i) ninety percent (90%) of the unpaid balance of the obligation; or
- (ii) ninety percent (90%) of the appraised fair market value of the real estate;

if the obligation is backed by equipment; or

(C) a weighted average of the figures derived under clauses (A)(ii) and (B)(ii) if the obligation is backed by real estate and equipment.

(6) The guarantee premium to be received by the public deposit insurance fund for the guarantee must be at an annual percentage rate on the outstanding principal amount of the industrial development obligation or the credit enhancement obligation of not less, in the discretion of the board, than the market rate for guarantees, mortgage insurance rates, or letters of credit used for similar purposes at the time the guarantee is made. However, the annual percentage rate must not exceed two percent (2%) of the outstanding principal obligation.

(b) The following conditions apply to the making of bond bank obligation guarantees under section 7(d)(7) of this chapter:

(1) Each bond bank obligation guaranteed must be secured by a pledge of securities of a qualified entity (as defined in IC 5-1.5-1-8) under an indenture of trust requiring an adequate debt reserve fund.

(2) The board for depositories shall fix the one (1) time or annual charge to be paid by the bond bank for each guarantee in an amount considered by the board to be appropriate and consistent with the market rate for that guarantee, taking into consideration the terms of the indenture applicable to the bond bank obligation.

(3) The board for depositories may agree to other terms for each guarantee that the secretary-investment manager certifies as being commercially reasonable and that the board, in its judgment, determines to be proper.

(c) Any claim, loss, or debt arising out of any guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter is the obligation of the board for depositories payable out of the public deposit insurance fund only and does not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state. The document evidencing any guarantee must have on its face the words, "The obligations created by this guarantee (or other document as appropriate) do not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state but are obligations of the board for public depositories and are payable solely out of the public deposit insurance fund, and neither the faith and credit nor the taxing power of the state is pledged to the payment of any obligation hereunder."

(d) Any claim of loss by a lender or lessor under a guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter, at the time it is made in writing to the board, has priority against the fund on all claims made after that time.

SECTION 24. IC 5-28-29 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]:

**Chapter 29. Capital Access Program**

**Sec. 1.** As used in this chapter, "agreement" means an agreement between a lender and the corporation under which a lender may participate in the program.

**Sec. 2.** As used in this chapter in connection with a loan, "amount" and "proceeds" refer only to the amount covered under an agreement, unless the context clearly requires otherwise.

**Sec. 3.** As used in this chapter, "borrower" means the recipient of a loan that is, has been, or will be filed by the lender for enrollment under the program and meets the following requirements:

**(1)** The borrower is a corporation, limited liability company,

**C  
o  
p  
y**

partnership, joint venture, sole proprietorship, cooperative, or other entity, whether profit or nonprofit, that is authorized to conduct business in Indiana.

(2) The borrower is not an executive officer, a director, or a principal shareholder of the lender, a member of the immediate family of an executive officer, a director, or a principal shareholder of the lender, or an entity controlled by an executive officer, a director, a principal shareholder, or a member of the immediate family.

Sec. 4. As used in this chapter, "capital access account" means an account created by the corporation for the purposes of the capital access program.

Sec. 5. As used in this chapter, "claim" means a claim filed by the lender under section 29 of this chapter.

Sec. 6. As used in this chapter, "early loan" means an enrolled loan when at the time of its enrollment the total amount of previously enrolled loans made by the lender under the program was less than five million dollars (\$5,000,000).

Sec. 7. As used in this chapter, "eligible loan" means a loan made by the lender to a borrower that meets the requirements of sections 17 and 18 of this chapter.

Sec. 8. As used in this chapter, "enrolled loan" means a loan enrolled by the corporation under the terms of section 19 of this chapter.

Sec. 9. As used in this chapter, "lender" means a financial institution (as defined in IC 5-13-4-10) that has entered into an agreement with the corporation to participate in the program.

Sec. 10. As used in this chapter, "passive real estate ownership" means ownership of real estate for the purpose of deriving income from speculation, trade, or rentals, except that the term does not include the following:

- (1) Ownership of that part of real estate being used or intended to be used for the operation of the business of the owner of the real estate.
- (2) Ownership of real estate for the purpose of construction or renovation until the completion of the construction or renovation phase.

Sec. 11. As used in this chapter, "program" refers to the capital access program created by this chapter.

Sec. 12. As used in this chapter, "reserve fund" means an account established by the corporation with funds accumulated under this chapter and to cover claims made by the lender under

this chapter.

**Sec. 13. The capital access program is established. The purpose of the program is to provide capital to businesses, particularly small and medium-sized businesses, to foster economic development in Indiana. Loans made under the program must be slightly riskier than conventional loans, but still offer a high degree of soundness in connection with the program.**

**Sec. 14. The corporation shall do the following:**

- (1) Administer the program.**
- (2) Market the program to businesses and other persons in Indiana in cooperation with financial institutions and statewide associations representing financial institutions.**
- (3) If the reserve funds are not maintained in an account with the lender, upon execution of an agreement between the lender and the corporation, the corporation shall establish a reserve fund account at the corporation for the lender for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the corporation under this chapter. If the reserve funds are maintained in an account with the lender, upon execution of an agreement between the lender and the corporation, the corporation shall establish a reserve fund account with the lender in the name of the corporation for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the corporation under this chapter.**
- (4) Develop the program, in cooperation with financial institutions and statewide associations representing financial institutions, so that the degree of flexibility for the corporation and the participating lenders is maximized, the state oversight of individual loans is minimized, and the fiscal integrity of the program is maintained.**
- (5) Enter into any contracts necessary to carry out the program.**
- (6) Take any action reasonably necessary to ensure compliance with the program.**

**Sec. 15. A lender is eligible to participate in the program upon entering into an agreement with the corporation governing the duties of the corporation and the lender under the program. The lender shall provide the corporation with information regarding the lender's participation in the program that the corporation reasonably requires. Upon notice to the lender, the corporation**

**C  
o  
p  
y**

may inspect the files of the lender relating to any loans enrolled under the program during normal business hours of the lender.

**Sec. 16.** Except upon the exercise of the corporation's right of subrogation under section 32 of this chapter, the corporation has no legal or equitable interest in any collateral, security, or other right of recovery in connection with any loan enrolled in the program, and the corporation's consent is not necessary for any amendment to the lender's loan documents.

**Sec. 17. (a)** The following types of loans are eligible loans under the program:

- (1) Loans for industrial or commercial purposes.
- (2) Loans to refinance loans made for the purposes in subdivision (1).
- (3) Loans for line of credit agreements established between the lender and borrower that are used for the purposes in subdivision (1).

**(b)** Eligible loans must meet the following criteria:

- (1) The lender has not made the loan to enroll in the program prior debt that is not covered under the program and that is or was owed by the borrower to the lender.
- (2) The proceeds of the loan will not be used for that part of a project or development devoted to housing.
- (3) The proceeds of the loan will not be used to finance passive real estate ownership.
- (4) The proceeds of the loan will be used to finance a project or enterprise that is located in Indiana and that will foster economic development in Indiana.

**(c)** An eligible loan may provide for an interest rate, fees, and other terms and conditions agreed to by the lender and borrower. If the loan amount to be borrowed is determined by a commitment agreement that establishes a line of credit, the amount of the loan is the maximum amount available to the borrower under the agreement.

**Sec. 18. (a)** To enroll a loan under the program, the lender must file a completed loan enrollment form with the corporation. The lender must also certify the following to the corporation as part of the filing:

- (1) The lender has no substantial reason to believe that the loan is being made to a borrower who does not meet the requirements of section 3 of this chapter.
- (2) The lender has received from the borrower a written representation, warranty, pledge, and waiver stating that the

**C  
o  
p  
y**

borrower has no legal, beneficial, or equitable interest in the nonrefundable premium charges or any other funds credited to the reserve fund established to cover losses sustained by the lender on enrolled loans.

(3) The loan being filed for enrollment is an eligible loan under section 17 of this chapter.

(4) Premium charges required of the borrower and lender under this chapter have been deposited in the reserve fund.

(b) The lender shall file the loan enrollment form within ten (10) business days after the lender makes the loan. The date on which the lender makes a loan is the earlier of the date on which the lender first disburses proceeds of the loan to the borrower or the date on which the loan documents have been executed and the lender has obligated itself to disburse proceeds of the loan. The filing date of a loan enrollment form is the date on which the lender does any of the following:

- (1) Delivers the required documentation to the corporation.
- (2) Delivers the document to a professional courier service for delivery to the corporation.
- (3) Mails the document to the corporation by certified mail.

Sec. 19. When the corporation receives a loan enrollment form, the corporation shall enroll the loan if the information provided under section 18 of this chapter indicates that the loan is an eligible loan. Within five (5) business days after receipt of a loan enrollment form for an eligible loan, the corporation shall deliver to the lender an acknowledgment of enrollment signed by the corporation or the corporation's designee, including documentation of the amount being transferred by the corporation into the reserve fund under this chapter.

Sec. 20. When filing a loan enrollment form, the lender may specify an amount to be covered under the program. The amount may be less than the total amount of the loan.

Sec. 21. (a) In the case of a loan to refinance a loan previously made to the borrower by the lender that was not enrolled under the program, the lender may obtain coverage under the program for an amount not exceeding the amount of additional financing.

(b) If an enrolled loan is refinanced and the total amount to be covered under the program does not exceed the covered amount of the loan as previously enrolled, the refinanced loan may continue as an enrolled loan without payment of additional premium charges or transfers by the corporation to the reserve fund.

(c) If an enrolled loan is refinanced in an amount exceeding the

**C**  
**O**  
**P**  
**Y**

amount of the loan as previously enrolled, the lender may obtain coverage of the amount of the refinanced loan that exceeds the amount covered when the loan was previously enrolled by refiling the loan for enrollment under section 18 of this chapter.

(d) Fluctuations in the outstanding balance of a line of credit, without increasing the enrolled amount under the program, are not a refinancing of the loan.

Sec. 22. (a) If the outstanding balance of an enrolled loan that is not a line of credit is reduced to zero (0), the loan is no longer an enrolled loan. If an enrolled loan that is a line of credit has an outstanding balance of zero (0) for a twelve (12) month period, the line of credit is no longer an enrolled loan, unless, before the expiration of the twelve (12) month period, the lender reaffirms in writing to the borrower that the line of credit will remain open and the borrower acknowledges the reaffirmation in writing.

(b) Notwithstanding subsection (a), any amount recovered from a lender by a trustee in bankruptcy (or a similar representative of creditors) as a preference under 11 U.S.C. 547 remains an enrolled loan for the purpose of filing a claim against the reserve fund.

Sec. 23. Upon execution of an agreement between the lender and the corporation, the corporation shall establish a reserve fund account with the lender in the name of the corporation for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the corporation under this chapter.

Sec. 24. The corporation may not accept loans for enrollment in the program if the corporation does not have sufficient funds to make the necessary transfer from the corporation to the reserve fund under section 25 of this chapter.

Sec. 25. The lender shall determine the premium charges payable to the reserve fund by the lender and the borrower in connection with a loan filed for enrollment. The premium paid by the borrower may not be less than one and one-half percent (1.5%) or greater than three and one-half percent (3.5%) of the amount of the loan. The premium paid by the lender must be equal to the amount of the premium paid by the borrower. The lender may recover the cost of the lender's premium payment from the borrower in any manner on which the lender and borrower agree. When enrolling a loan, the corporation must transfer into the reserve fund from the account premium amounts determined as follows:

- (1) If the amount of a loan, plus the amount of loans

**C**  
**O**  
**P**  
**Y**

previously enrolled by the lender, is less than two million dollars (\$2,000,000), the premium amount transferred must be equal to one hundred fifty percent (150%) of the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(2) If, before the enrollment of the loan, the amount of loans previously enrolled by the lender is equal to or greater than two million dollars (\$2,000,000), the premium amount transferred must be equal to the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(3) If the total amount of all loans previously enrolled by the lender is less than two million dollars (\$2,000,000), but the enrollment of a loan will cause the total amount of all enrolled loans made by the lender to exceed two million dollars (\$2,000,000), the corporation shall transfer into the reserve fund an amount equal to a percentage of the combined premiums paid into the reserve fund by the lender and the borrower. The percentage is determined as follows:

**STEP ONE:** Multiply by one hundred fifty (150) that part of the loan that when added to the total amount of all loans previously enrolled by the lender totals two million dollars (\$2,000,000).

**STEP TWO:** Multiply the remaining balance of the loan by one hundred (100).

**STEP THREE:** Add the STEP ONE product to the STEP TWO product.

**STEP FOUR:** Divide the STEP THREE sum by the total amount of the loan.

The corporation may transfer two (2) times the amount determined under this section to the reserve fund if the borrower is a disadvantaged business enterprise (as defined in IC 5-16-6.5-1). The corporation may transfer three (3) times the amount determined under this section to the reserve fund if the borrower is a high growth company with high skilled jobs (as defined in IC 5-28-30-4). The corporation may transfer to the reserve fund three (3) times the amount determined under this section if the borrower is a child care facility. Unless money is paid out of the reserve fund according to the specific terms of this chapter, all money paid into the reserve account by the lender must remain in that account.

**Sec. 26. (a)** All money credited to the reserve fund is under the

**C  
o  
p  
y**

exclusive control of the corporation. The corporation may not withdraw money from the reserve fund, except as specifically provided in this chapter.

(b) If money in the reserve fund is not deposited by the corporation in an account with the lender, the money must be invested or reinvested by the corporation in one (1) of the following:

(1) Direct obligations of the United States, the principal and interest of which are unconditionally guaranteed by the United States.

(2) A deposit account at a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation or National Credit Union Administration.

(c) All interest earned in a reserve fund account shall be credited to that account. Fifty percent (50%) of the interest earned may be withdrawn by the corporation from that account and used for any purpose.

**Sec. 27.** The corporation shall pledge the following to the lender:

(1) The money in the reserve fund will be available to pay claims under section 29 of this chapter.

(2) The lender will have a first security interest in the money in the reserve fund to pay the claims.

(3) The corporation will not encumber or pledge the money to any other party.

**Sec. 28.** (a) If the reserve fund is not maintained with the lender, the corporation shall provide to the lender quarterly transaction reports indicating the following:

(1) The balance in the reserve fund.

(2) Payments and transfers into the reserve fund.

(3) Withdrawals from the reserve fund.

(4) Interest or income earned on money credited to the reserve fund.

(b) The records of the corporation with respect to all:

(1) payments and transfers into the reserve fund;

(2) withdrawals from the reserve fund; and

(3) interest or income earned on the money credited to the reserve fund;

are available to the lender at the offices of the corporation during normal business hours.

**Sec. 29.** (a) If the lender charges off all or part of an enrolled loan, the lender may file a claim with the corporation. The claim must be filed contemporaneously with the charge-off.

**C  
o  
p  
y**

(b) The lender's claim may include, in addition to the amount of principal charged off plus accrued interest, one-half (1/2) of the reasonable documented out-of-pocket expenses incurred in pursuing collection efforts, including preservation of collateral. The amount of principal included in the claim may not exceed the principal amount covered under the program. The amount of accrued interest included in the claim may not exceed the accrued interest attributable to the covered principal amount.

(c) The lender shall determine when and how much to charge off on an enrolled loan in a manner consistent with the lender's normal method for making these determinations on similar loans that are not enrolled loans.

(d) If the lender files two (2) or more claims contemporaneously and there are insufficient funds in the reserve fund at that time to cover the entire amount of the claims, the lender may designate the order of priority in which the corporation shall pay the claims.

Sec. 30. (a) Upon receipt by the corporation of a claim filed by the lender, the corporation shall, within ten (10) business days, pay or authorize the lender to withdraw from the reserve fund the amount of the claim as submitted, unless the corporation reasonably determines that:

- (1) the information provided by the lender to the corporation under this chapter was known by the lender to be false; or
- (2) the lender is not otherwise in substantial compliance with this chapter or the agreement with the corporation.

(b) If there is insufficient money in the reserve fund to cover the entire amount of the lender's claim, the corporation shall pay to the lender or authorize the lender to withdraw an amount equal to the current balance in the reserve fund, and the following apply:

- (1) If the enrolled loan for which the claim has been filed is not an early loan, the payment fully satisfies the claim, and the lender has no right to receive any further amount from the reserve fund with respect to that claim.
- (2) If the enrolled loan for which the claim has been filed is an early loan, the corporation, upon request of the lender, shall, out of any future funds that are transferred into the reserve fund on subsequently enrolled loans, pay the remaining balance of the claim upon finding that:
  - (A) the partial payment has not satisfied the lender's claim; and
  - (B) the remaining balance of the claim is not greater than seventy-five percent (75%) of the balance in the reserve

**C**  
**O**  
**P**  
**Y**

fund at the time the request for payment by the lender is received by the corporation.

**Sec. 31.** If, after payment of a claim by the corporation, the lender recovers from a borrower any amount for which payment of the claim was made, the following apply:

- (1) If the recovered amount, when added to the claim previously paid by the corporation in connection with an enrolled loan, exceeds the lender's loss on that enrolled loan, the lender shall promptly pay to the corporation for deposit in the reserve fund the amount of the excess.
- (2) For purposes of this section and section 32 of this chapter, the lender's loss on an enrolled loan shall be the amount of principal charged off by the lender plus accrued interest plus one-half (1/2) of the reasonable and documented out-of-pocket expenses incurred by the lender in pursuing collection efforts.

**Sec. 32. (a)** If the payment of a claim has fully covered the lender's loss on an enrolled loan or if the payment of a claim when combined with any recovery from the borrower has fully covered the lender's loss, the corporation, upon request, is subrogated to the rights of the lender with respect to any collateral, security, or other right of recovery in connection with the loan that has not been realized by the lender. The lender thereafter shall assign to the corporation any right, title, or interest to any collateral, security, or other right of recovery in connection with the loan.

(b) If an assignment has been made under subsection (a), the corporation is not required to undertake the obligations of the lender under the lender's loan documents, except for obligations directly related to the corporation's assigned rights of recovery in connection with the loan. The lender shall fulfill any other obligations the lender has under the loan documents in the same manner and to the same degree as would be required if the assignment had not been made. The lender shall provide the corporation with all reasonable assistance the corporation requests in proceeding with respect to any collateral, security, or other right of recovery, except that the lender does not need to incur any out-of-pocket expenses.

(c) If the corporation desires to exercise the right of subrogation in connection with an enrolled loan, and would be entitled to exercise that right except that the lender's loss has not been fully covered, the corporation, at the corporation's option, may pay from funds in the reserve fund an amount sufficient to result in the lender's loss being fully covered. A payment under this subsection

**C  
o  
p  
y**

may cover a principal amount not covered under the program or not included in the lender's claim. Upon making a payment under this subsection, the corporation is subrogated to the rights of the lender in accordance with subsection (a).

(d) Notwithstanding any other provision of this section, the corporation may not exercise the right of subrogation unless the corporation determines, in the corporation's discretion, that the lender has not exercised reasonable care and diligence in collection activities with respect to the loan, or that there is a reasonable basis for believing that the lender will not exercise reasonable care and diligence in the future with respect to those collection activities.

Sec. 33. (a) Before July 16, October 16, January 16, and April 16 of each year, the lender shall file a quarterly report with the corporation indicating the number and total outstanding balances of all enrolled loans for the period of the three (3) preceding calendar months. A quarterly report is not required for a quarter that ends with a balance in the reserve fund of zero (0), except that a year-end report must be filed before July 16 for the preceding twelve (12) calendar months ending June 30. In computing the total outstanding balance of all enrolled loans, the balance of a loan may not be greater than the covered amount of the loan as enrolled.

(b) If a year-end report filed under this section indicates that, for the immediately preceding twelve (12) calendar month period ending June 30, the balance in the reserve fund continuously exceeded fifty percent (50%) of the total outstanding balance of all enrolled loans, including unfunded parts of enrolled loans that are lines of credit, the corporation may make a withdrawal from the reserve fund. The amount of the withdrawal may not be greater than the minimum amount of any excess as continuously maintained over the immediately preceding twelve (12) calendar month period ending June 30. Withdrawals of excess reserve funds by the corporation under this section may be used for any purpose.

(c) If a year-end report is not filed within thirty (30) days after the original due date of the report, the corporation may make a withdrawal from the reserve fund based on the corporation's determination from an inspection of the lender's files that, for the immediately preceding twelve (12) calendar month period ending June 30, the balance in the reserve fund continuously exceeded fifty percent (50%) of the aggregate outstanding balance of all enrolled loans, including unfunded parts of enrolled loans that are lines of credit. The amount of the withdrawal may not be greater than the

**C**  
**O**  
**P**  
**Y**

minimum amount of any excess as continuously maintained over the immediately preceding twelve (12) calendar month period ending June 30. Withdrawals of excess reserve funds by the corporation under this section may be used for any purpose.

(d) The right of the corporation to make a withdrawal from the reserve fund under subsection (b) or (c) is subject to the following provisions:

- (1) If a year-end report is filed by July 16 or not more than thirty (30) days after July 16, the corporation has the right of withdrawal for a period of ninety (90) days from the date of the filing of the report with the corporation.
- (2) If a year-end report is not filed by July 16 or not more than thirty (30) days after July 16, the corporation has the right of withdrawal for a period of ninety (90) days from the date the corporation determines from an inspection of the lender's files that the corporation is entitled to make a withdrawal from the reserve fund under this section.

Sec. 34. The corporation may terminate the obligation to a lender to enroll loans under the program if the corporation determines that the lender is not in substantial compliance with the requirements of the program or the requirements of section 23 of this chapter. The termination takes effect on the date specified in the notice of termination, except that the termination does not apply to a loan made on or before the date on which the notice of termination is received by the lender. If the corporation is terminating the enrollment of loans for all participating lenders under the program, the corporation shall provide at least ninety (90) days notice to the lender. A termination under this section is prospective only and does not apply to a loan previously refinanced. After termination, the amount covered under the program may not be increased beyond the covered amount as previously enrolled.

Sec. 35. (a) The corporation shall establish a capital access account. The corporation shall use the capital access account to carry out the provisions of the capital access program. The capital access account consists of all money that is:

- (1) appropriated by the general assembly;
- (2) transferred by the corporation from the industrial development guaranty fund; or
- (3) transferred by the corporation from the general funds of the corporation.

(b) The expenses of the corporation attributable and allocated

**C  
o

by the corporation to the capital access program shall be paid from the capital access account.

products, or the unpaid purchase price of real estate under the laws of this state, together with the credit instruments, if any, secured thereby, including but not limited to a financing agreement as defined in IC 4-4-10.9-8 or a financing agreement within the meaning of IC 36-7-12 in connection with real property.

Sec. 8. As used in this chapter, "security agreement" means an agreement which creates or provides for a security interest in equipment, including, but not limited to, an equipment lease under the guaranty program or within the meaning of IC 36-7-12, and any successor provisions related to equipment.

Sec. 8.5. As used in this chapter, "user" means a person who has entered into a financing agreement with the corporation or lender or a contract for use with the developer or lender in contemplation of its use of an industrial development project.

Sec. 9. There is created an industrial development project guaranty fund which shall be used by the corporation as a nonlapsing, revolving fund for carrying out the provisions of the guaranty program. The corporation may expend money from the guaranty fund as the authority considers appropriate to carry out the purposes of this chapter and IC 4-4-11. The guaranty fund consists of the money, if any, appropriated by the general assembly. To this sum shall be charged those expenses of the corporation attributable and allocated by the corporation to the guaranty program, including interest, principal, and lease payments required by loan or lease defaults under the guaranty program, and to the sum shall be credited that income of the corporation attributable and allocated by the corporation to the guaranty program, including guarantee premiums.

Sec. 10. Subject to the conditions set forth in section 11 of this chapter and the other provisions of this chapter, if the corporation makes a written finding that:

(1) the guarantee of a particular loan secured by, or lease of, real property or tangible or intangible personal property to or for the benefit of any industrial development project, mining operation, or agricultural operation that involves the processing of agricultural products would tend to accomplish the purposes of this chapter, including the creation or retention of employment in Indiana through the guarantee of the loan or lease; and

(2) the proposed borrower or lessee cannot obtain the loan or lease upon reasonable terms;

the corporation may, under the guaranty program, guarantee the

loan or lease upon the terms and conditions prescribed by the corporation.

**Sec. 11.** The conditions referred to in section 10 of this chapter are as follows:

- (1) A new or additional guarantee of a loan or lease under section 10, 12, or 17 of this chapter may not be entered into if the guarantee would cause the outstanding total guarantee obligations with respect to all loans and leases guaranteed under sections 10, 12, and 17 of this chapter to exceed eight (8) times the amount of money in the guaranty fund.
- (2) The amount of all guarantees by the corporation of loans or leases to or for the benefit of any single industrial development project, mining operation, or agricultural operation that involves the processing of agricultural products may not exceed two million dollars (\$2,000,000), less the outstanding total principal balance under any loans made and owed to the corporation under section 17 of this chapter to or for the benefit of the project or operation.
- (3) A guarantee of either a loan secured by real estate or a real estate lease may not exceed ninety percent (90%) of the unpaid principal balance of the loan from time to time outstanding or ninety percent (90%) of the amount of any lease payment, as applicable, or ninety percent (90%) of the appraised fair market value of the real estate, whichever is less.
- (4) A guarantee of a loan secured by personal property or of a personal property lease may not exceed seventy-five percent (75%) of the unpaid principal balance of the loan from time to time outstanding or seventy-five percent (75%) of the amount of any lease payment, as applicable, or seventy-five percent (75%) of the fair market value of the personal property, whichever is less.
- (5) A guarantee involving both real estate and personal property may not exceed the percentage proportionate to each type of property.
- (6) To be eligible for a guarantee under section 10 of this chapter, a loan or lease must:
  - (A) be one that is to be made to and held by a lender or lessor approved by the corporation as responsible and able to service the loan or lease properly;
  - (B) involve a principal obligation or lease payments, as applicable, which may include initial service charges and

appraisal, inspection, and other fees approved by the corporation;

(C) have a maturity or term satisfactory to the corporation but in no case later than twenty (20) years from the date of the guarantee;

(D) contain payment terms satisfactory to the corporation requiring periodic payments by the developer or user, including principal and interest payments, cost of local property taxes and assessments, land lease rentals, if any, insurance on the property, as applicable, and any guarantee premiums required by the corporation; and

(E) contain any terms and provisions with respect to property insurance, repairs, alterations, payment of taxes and assessments, default reserves, delinquency charges, default remedies, anticipation of maturity, additional and secondary liens, and other matters that the corporation may prescribe.

**Sec. 12. The corporation may guarantee an unsecured loan for:**

(1) working capital purposes, if the corporation determines, under criteria that it establishes, that the loan for working capital:

(A) is for an industrial development project, a mining operation, or an agricultural operation that involves the processing of agricultural products; and

(B) will lead directly to increased production or job creation or retention through sales of products or provision of services to federal, state, or local government, private businesses, or individuals, or through exports to foreign markets; or

(2) capital expenditures, if the corporation determines, under criteria that the corporation establishes, that the loan is for an industrial development project described in IC 5-28-30-5(7).

The loan guarantee may not exceed five hundred thousand dollars (\$500,000) for any single project or operation, and may be in addition to any other guarantees of the corporation under this chapter. The guarantee terms must include a time limit for working capital loan guarantees that may not exceed eighteen (18) months. However, the guarantees are renewable. A loan guarantee may not exceed eighty percent (80%) of the unpaid principal balance from time to time outstanding of the loan being guaranteed. The corporation may impose any additional terms it considers appropriate for any particular project or operation.

**C  
o  
p  
y**

**Sec. 13. The corporation may establish:**

- (1) guarantee premiums for a guarantee under section 10 of this chapter of any loan or lease outstanding at the beginning of each year or at the time the guarantee is entered into; and
- (2) loan application, placement, origination, commitment, administrative, processing, or other fees or charges in connection with the corporation's powers under section 17 of this chapter.

These premiums, fees, or charges are payable in amounts or based upon formulas established by the corporation and may be payable, at the election of the corporation, in whole or in part, in the form of cash, shares of stock, warrants for the purchase of shares of stock, or other securities, property, or rights acceptable to the corporation. These premiums, fees, or charges shall be payable by the developer or user to the corporation in a manner prescribed by the corporation.

Sec. 14. Any guarantee made by the corporation under this chapter may be effected or enhanced, in whole or in part, through the provision by the corporation of a letter of credit or an equivalent form of credit enhancement instrument. However, the maximum principal payment obligations of the corporation under the credit instrument, as the same may be effective from time to time, is the amount of the guarantee or portion of the guarantee made under this chapter, and for purposes of the limitations on the amount of guarantees under this chapter, and the term of any letter of credit may not exceed the respective terms established for guarantees or loans under this chapter.

Sec. 15. Notwithstanding any other law, loans or leases guaranteed or made by the corporation are legal investments for all insurance companies, trust companies, banks, investment companies, savings banks, executors, trustees and other fiduciaries, and pension or retirement funds, as well as the board for depositories.

Sec. 16. To further the purposes of this chapter, and subject to this chapter, the corporation may also use any part of the guaranty fund to guarantee any bonds issued by the Indiana finance authority under IC 4-4-11 or by any authorized issuer under IC 36-7-12. With regard to direct obligations of the authority that are guaranteed by the corporation, the corporation may permit a subordination of any:

- (1) security agreement;
- (2) mortgage;

SEA 524+

**C  
o  
p  
y**

- (3) combination of security agreements and mortgages; or
- (4) other appropriate documents securing the direct obligations;

if the corporation in its discretion determines that the subordination is reasonably necessary to accomplish the objectives of the industrial development project undertaken by the authority.

Sec. 17. To further the purposes of this chapter, and in addition to the corporation's other powers under this chapter, the corporation may, upon a written finding as described in section 10 of this chapter, make direct loans from money in the guaranty fund to or for the benefit of any industrial development project, mining operation, or agricultural operation that involves the processing of agricultural products, upon the terms and conditions that the corporation prescribes. Loans made under this section are subject to the following conditions:

- (1) A new or additional loan may not be made if the loan would cause the then outstanding total guarantee obligations with respect to all loans and leases guaranteed under this section and the other provisions of this chapter to exceed eight (8) times the amount of money then in the guaranty fund, or would cause the then outstanding total principal balance of all loans made under this section and then owing to the corporation to exceed twenty percent (20%) of the amount of money then in the guaranty fund.
- (2) The principal amount of such a loan to or for the benefit of a project or operation may not exceed one million dollars (\$1,000,000), less the then outstanding total guarantee obligations with respect to any loans or leases guaranteed under this chapter to or for the benefit of that project or operation.
- (3) With respect to any loan made under this section, a loan agreement with the corporation must contain the following terms:
  - (A) A requirement that the loan proceeds be used for specified purposes consistent with and in furtherance of the purposes of the corporation under this chapter.
  - (B) The term of the loan, which may not be later than twenty (20) years from the date of the loan.
  - (C) The repayment schedule.
  - (D) The interest rate or rates of the loan, which may include variations in the rate, but which may not be less than the amount necessary to cover all expenses of the

corporation in making the loan.

(E) Any other terms and provisions that the corporation requires.

(4) A loan agreement under this section may also contain a requirement that the loan be insured directly or indirectly by a loan insurer or be guaranteed by a loan guarantor, and a requirement of any other type or types of security or collateral that the corporation considers reasonable or necessary.

(5) A loan made under this section may be sold by the corporation, and the corporation may permit other lenders to participate in a loan made under this section, at the time or times and upon the terms and conditions that the corporation considers reasonable or necessary. A loan sold or in which other lenders participate may be guaranteed by the corporation, upon terms and conditions established by the corporation.

Sec. 18. All proceeds received by the corporation or the Indiana finance authority from the disposal by sale or in some other manner of property acquired in connection with the guaranty program or otherwise under this chapter shall be credited to the guaranty fund.

Sec. 19. Upon the issuance of a loan or a guarantee of a loan or lease, any expenses incurred by the corporation in connection with the loan or guarantee or the projects or operations for which the loan or guarantee is being made shall be reimbursed to the corporation by the borrower, in the case of a loan (to the extent not provided for under section 13 of this chapter), or by the borrower, lender, lessee, or lessor, in the case of a guarantee of a loan or lease, from the proceeds of the loan or the payments under the lease or otherwise.

Sec. 20. To further the purposes of this chapter and IC 4-4-11, and in addition to the corporation's other powers under this chapter, the corporation may transfer funds from the guaranty fund to the capital access account established under IC 5-28-29-35.

Sec. 21. Any guarantees by the corporation under the guaranty program are exempt from the registration and other requirements of IC 23-2-1 and any other securities registration laws.

Sec. 22. The corporation may procure insurance or guarantees from any public or private entities, including any department, agency, or instrumentality of the United States, for insurance or reinsurance on amounts paid from the guaranty fund.

**Sec. 23. The corporation may take assignments of accounts receivable, loans, guarantees, insurance, notes, mortgages, security agreements securing notes, and other forms of security, attach, seize, or take title by foreclosure or conveyance to any industrial development project when a guaranteed loan on the project is clearly in default and when in the opinion of the authority such an acquisition is necessary to safeguard the guaranty fund, and sell, or on a temporary basis, lease or rent the project for any use.**

**Sec. 25. It is found and declared that:**

- (1) There exists in Indiana an inadequate supply of affordable farm credit and agricultural loan financing at interest rates**

**C  
O  
P  
Y**

which are consistent with the needs of borrowers for farming and agricultural enterprises, which if not supplemented will make it difficult for farmers and other agricultural enterprises to maintain or increase present employment levels and to maintain or increase crops, livestock, and business productivity, all of which will have an adverse effect upon the welfare of the citizens of Indiana and the economy of Indiana.

(2) There exists in particular in Indiana a need for affordable farm credit and agricultural loan financing for new and young farmers, for small farmers, for family farm operations, and for farmers for whom loans in the conventional farm credit markets are either not available or not affordable at interest rates found in conventional farm credit markets. Alleviation of the problems described in this subdivision and subdivision (1) as they apply to the agricultural enterprises described in this paragraph is the primary purpose of this chapter.

(3) Such problems cannot be remedied through the operation of private enterprise alone, but can be alleviated through the creation of a governmental body to encourage the investment of private capital in the agricultural sector through the use of public financing as provided by this chapter for the purpose of making loans available at interest rates lower than those available in the conventional farm credit markets, and by coordinating and cooperating with farmers, other agricultural enterprises, and local communities, which is essential to alleviating these conditions and is in the public interest.

(4) Alleviating the conditions and problems by the encouragement of private investment through a governmental body is a public purpose and a use for which revenue bonds may be issued.

(5) The necessity for this chapter to protect the health, safety, morals, and general welfare of all the people of Indiana is declared as a matter of legislative determination.

Sec. 26. The corporation may make and undertake commitments to make loans to lenders under terms and conditions requiring the proceeds thereof to be used by such lenders to make loans for agricultural enterprises. Loan commitments or actual loans shall originate through and be serviced by any eligible lender.

Sec. 27. A loan agreement under this chapter may provide for the loans to be secured by or evidenced by one (1) or more notes, debentures, or other secured or unsecured debt obligations of the

C  
o  
p

contracting party or parties delivered to the corporation, the authority, or the trustee under the indenture under which the bonds were issued.

**Sec. 28.** If a sale contract permits title to the project to pass to the contracting party or parties before payment in full of the entire purchase price, it must also provide for the contracting party or parties to deliver to the corporation, the authority, or the trustee under the indenture under which the bonds were issued one (1) or more notes, debentures, or other secured or unsecured debt obligations of the contracting party or parties providing for timely payments, including interest on the notes, debentures, or debt obligations for the balance of the purchase price at or before the passage of title.

**Sec. 29. (a)** The corporation may invest in, purchase or make commitments to invest in or purchase, and take assignments or make commitments to take assignments of loans made for agriculture or agricultural enterprises or for refinancing loans made for agriculture or agricultural enterprises. Before investment, purchase, assignment, or commitment, the lender shall certify that the proceeds therefrom or its equivalent will be reinvested in loans or used to make loans to provide agricultural enterprises or, pending reinvestment in such loans or the making of such loans, invested in short term obligations complying with the requirements of this chapter. The corporation shall purchase loans at a purchase price equal to the outstanding principal balance, but the corporation may require a discount from the principal balance or make a payment of a premium to effect a fair rate of return for the lender, as determined by the rate of return on comparable investments under market conditions existing at the time of purchase. In addition to the payment of outstanding principal balance, the corporation shall pay the accrued interest due thereon on the date the loan is delivered against payment therefor or on another date as may be established by agreement between the corporation and the selling lender.

**(b)** The corporation may not invest in, purchase, or make commitments to invest in or purchase, and take assignments or make commitments to take assignments of loans made for the construction, rehabilitation, or purchase of real property unless the borrower, in a written contract separate from the mortgage, promises that for a period of ten (10) years from the date of the loan the borrower will not convey the real property without a written release from the corporation. The corporation shall record

**C  
o  
p  
y**

the contract in the same manner as a mortgage on real property, and when recorded the contract constitutes an absolute bar on the alienation of the property until ten (10) years after the date of the mortgage or until released in writing by the corporation. The corporation may not release a contract under this subsection unless the release is compatible with section 25 of this chapter.

**Sec. 30.** Before exercising any of the powers authorized in sections 26 and 29 of this chapter, the corporation shall require the lender to certify and agree that:

- (1) the loan is or, if the loan has not been made, will at the time of making be in all respects a prudent investment; and
- (2) the lender will use the proceeds of the loan, investment sale, or assignment within a reasonable period of time to make loans or purchase loans to provide agricultural enterprises or, if the lender has made a commitment to make loans to provide agricultural enterprises on the basis of a commitment from the corporation to purchase the loans, the lender will make the loans and sell the loans to the corporation within a reasonable time.

**Sec. 31.** Before exercising any of the powers conferred by sections 26 and 29 of this chapter, the corporation may:

- (1) require that the loan involved be:
  - (A) insured by a loan insurer; or
  - (B) guaranteed by a loan guarantor or the corporation under sections 32 through 43 of this chapter;
- (2) require any type of security that the corporation considers reasonable and necessary; or
- (3) authorize the reservation of funds by lenders in the amount and subject to conditions that the corporation considers reasonable and necessary under this chapter.

**Sec. 32.** The agricultural loan and rural development project guarantee fund is established. The corporation shall use the guarantee fund as a nonlapsing, revolving fund for carrying out the provisions of the guarantee program. The corporation may expend money from the guarantee fund as the authority considers appropriate to carry out the purposes of this chapter and IC 4-4-11. The guarantee fund consists of the money appropriated to the guarantee fund by the general assembly, and money, property, and other things of value contributed to the guarantee fund by any other source. To this sum shall be charged those expenses of the corporation attributable and allocated by the corporation to the corporation's guarantee program, including

**C  
o  
p  
y**

interest, principal, and lease payments required by loan or lease defaults. To this sum shall be credited that income of the corporation attributable and allocated by the corporation to the corporation's guarantee program, including guarantee premiums.

**Sec. 33.** Subject to the conditions set forth in section 34 of this chapter and the other provisions of this chapter, if the corporation makes a written finding that:

- (1) the guarantee of a particular loan secured by, or lease of, real property or tangible or intangible personal property to or for the benefit of any agricultural enterprise or rural development project would tend to accomplish the purposes of this chapter, including the creation or retention of employment in Indiana through the guarantee of the lease;
- (2) the proposed borrower or lessee cannot obtain the loan or lease upon reasonable terms; and
- (3) the proposed borrower, lessee, lender, or lessor has filed an application on a form prescribed by the corporation;

the corporation may, under its guarantee program, guarantee the loan or lease upon the terms and conditions that the corporation prescribes.

**Sec. 34.** The conditions referred to in section 33 of this chapter are as follows:

- (1) No new or additional guarantee of a loan or lease under section 33, 35, or 40 of this chapter may be entered into if the guarantee would cause the outstanding aggregate guarantee obligations with respect to all loans and leases guaranteed under sections 33, 35, and 40 of this chapter to exceed eight (8) times the amount of money in the guarantee fund.
- (2) The amount of all guarantees by the corporation of loans or leases to or for the benefit of any single agricultural enterprise or rural development project may not exceed three hundred thousand dollars (\$300,000), less the outstanding aggregate principal balance under any loans made and owed to the corporation under section 40 of this chapter to or for the benefit of the enterprise or rural development project.
- (3) A guarantee of a loan secured by either real estate or a real estate lease may not exceed ninety percent (90%) of the unpaid principal balance of the loan from time to time outstanding or ninety percent (90%) of the amount of any lease payment, as applicable, and the original principal amount of the loan or the total amount of the lease payments, as applicable, may not exceed ninety percent (90%) of the

**C  
o

appraised fair market value of the real estate.

(4) A guarantee of a loan secured by personal property or of a personal property lease may not exceed seventy-five percent (75%) of the unpaid principal balance of the loan from time to time outstanding or seventy-five percent (75%) of the amount of any lease payment, as applicable, and the original principal amount of the loan or the total amount of the lease payments, as applicable, may not exceed seventy-five percent (75%) of the appraised fair market value of the personal property.

(5) A guarantee involving both real estate and personal property may not exceed the percentage proportionate to each type of property.

(6) To be eligible for a guarantee under this section, a loan or lease must:

(A) be one that is to be made to and held by a lender or lessor approved by the corporation as responsible and able to service the loan or lease properly;

(B) involve a principal obligation or lease payments, as applicable, which may include initial service charges and appraisal, inspection, and other fees approved by the corporation;

(C) have a maturity or term satisfactory to the corporation but in no case later than twenty (20) years after the date of the guarantee;

(D) contain payment terms satisfactory to the corporation requiring periodic payments by the developer or user, including principal and interest payments, cost of local property taxes and assessments, land lease rentals, if any, insurance on the property, as applicable, and the guarantee premiums that are fixed by the corporation; and

(E) contain terms and provisions with respect to property insurance, repairs, alterations, payment of taxes and assessments, default reserves, delinquency charges, default remedies, anticipation of maturity, additional and secondary liens, and other matters that the corporation prescribes.

**Sec. 35.** The corporation may guarantee an unsecured loan for working capital purposes if the corporation determines, under criteria that the corporation establishes, that:

(1) the loan for working capital is for an agricultural enterprise or a rural development project; and

**C  
o  
p  
y**

(2) the loan for working capital will lead directly to increased production or job creation or retention through sales of products or provision of services to federal, state, or local government or private business or individuals or through exports to foreign markets.

The working capital loan guarantee may not exceed two hundred thousand dollars (\$200,000) for any single agricultural enterprise or rural development project and may be in addition to any other guarantees of the corporation under this section. The guaranteed terms must include a time limit for working capital loan guarantees that may not exceed eighteen (18) months. However, the guarantees are renewable. A working capital loan guarantee may not exceed eighty percent (80%) of the unpaid principal balance from time to time outstanding of the loan being guaranteed. The corporation may impose additional terms that the corporation considers appropriate for any particular agricultural enterprise or rural development project.

Sec. 36. The corporation may fix guarantee premiums for the guarantee under this chapter of any loan or lease outstanding at the beginning of each year or at the time the guarantee is entered into, and the corporation may fix loan application, placement, origination, commitment, administrative, processing, or other fees or charges in connection with the powers of the corporation under section 40 of this chapter. These premiums, fees, or charges may be payable in amounts or based upon formulas established by the corporation and may be payable, at the election of the corporation, in whole or in part, in the form of cash, shares of stock, warrants for the purchase of shares of stock, or other securities, property, or rights acceptable to the corporation. These premiums, fees, or charges are payable by the borrower or user to the corporation in a manner prescribed by the corporation.

Sec. 37. Any guarantee made by the corporation under section 33, 35, or 40 of this chapter may be effected or enhanced, in whole or in part, through the provision by the corporation of a letter of credit or an equivalent form of credit enhancement instrument. However, the maximum principal payment obligation of the corporation under the credit instrument, as the credit instrument may be effective from time to time, is the amount of the guarantee or part of the guarantee made under section 33, 35, or 40 of this chapter and for purposes of the limitations on the amount of guarantees under section 33, 35, or 40 of this chapter. The term of any letter of credit may not exceed the respective terms established

**Sec. 38.** Notwithstanding any other law, loans or leases guaranteed or made by the corporation or the authority under this chapter are legal investments for all insurance companies, trust companies, banks, investment companies, savings banks, executors, trustees and other fiduciaries, and pension or retirement funds, as well as the board for depositories.

**Sec. 39.** To further the purposes of this chapter and subject to this chapter, the corporation may also use any part of the guarantee fund to guarantee any bonds issued by the authority under section 46 of this chapter or by any authorized issuer under IC 36-7-12. With regard to direct obligations of the authority that are guaranteed by the corporation, the corporation may permit a subordination of any valid security agreement, mortgage, combinations thereof, or other appropriate documents securing the direct obligations if the corporation in its discretion determines that the subordination is reasonably necessary to accomplish the objectives of the authority.

**Sec. 40.** To further the purposes of this chapter, and in addition to the corporation's other powers under this chapter, the corporation may, upon a written finding as described in section 33 of this chapter, also make direct loans from money in the guarantee fund to or for the benefit of any agricultural enterprise or rural development project upon the terms and conditions that the corporation prescribes. Loans made under this section are subject to the following conditions:

- (1) No new or additional loan may be made if the loan would cause the then outstanding aggregate guarantee obligations with respect to all loans and leases guaranteed under this section and sections 33 and 35 of this chapter to exceed eight (8) times the amount of money then in the guarantee fund or would cause the then outstanding aggregate principal balance of all loans made under this section and then owing to the corporation to exceed twenty percent (20%) of the amount of money then in the guarantee fund.
- (2) The principal amount of a loan under this section to or for the benefit of an enterprise or rural development project may not exceed two hundred thousand dollars (\$200,000), less the then outstanding total guarantee obligations with respect to any loans or leases guaranteed under this section and sections 33 and 35 of this chapter to or for the benefit of that

enterprise or rural development project.

(3) With respect to any loan made under this section, a loan agreement with the corporation must contain the following terms:

(A) A requirement that the loan proceeds be used for specified purposes consistent with and in furtherance of the purposes of the corporation under this chapter.

(B) The term of the loan, which must be not later than twenty (20) years after the date of the loan.

(C) The repayment schedule.

(D) The interest rate or rates of the loan, which may include variations in the rate, but which may not be less than the amount necessary to cover all expenses of the corporation in making the loan.

(E) Any other terms and provisions that the corporation requires.

(4) Any loan agreement under this section may also contain a requirement that the loan be insured directly or indirectly by a loan insurer or be guaranteed by a loan guarantor and a requirement of any other type or types of security or collateral that the corporation considers to be reasonable or necessary.

(5) A loan made under this section may be sold by the corporation, and the corporation may permit other lenders to participate in any loan made under this section, at the time or times and upon the terms and conditions that the corporation considers reasonable or necessary. A loan sold or in which other lenders participate may be guaranteed by the corporation upon terms and conditions established by the corporation.

**Sec. 41.** All proceeds received by the corporation or the Indiana finance authority from the disposal by sale or in some other manner of property acquired under this chapter and in connection with the guarantee program or otherwise under this chapter shall be credited to the guarantee fund.

**Sec. 42.** The money in the guarantee fund does not revert to the state general fund at the end of a fiscal year. However, if the guarantee fund ceases to exist, the money in the guarantee fund attributable to transfers from the state general fund reverts to the state general fund.

**Sec. 43.** Upon the issuance of a loan or a guarantee of a loan or lease under this chapter, any expenses incurred by the corporation

in connection with the loan or guarantee or the enterprise or rural development project for which the loan or guarantee is being made shall be reimbursed to the corporation by the borrower, in the case of a loan (to the extent not provided for under section 36 of this chapter), or by the borrower, lender, lessee, or lessor in the case of a guarantee of a loan or lease, from the proceeds of the loan or the payments under the lease or otherwise.

**Sec. 44.** The corporation may take assignments of notes and mortgages and security agreements securing notes and other forms of security, and attach, seize, or take title by foreclosure or conveyance to any agricultural enterprise or rural development project when a guaranteed loan to the enterprise or rural development project is clearly in default and when in the opinion of the corporation the acquisition is necessary to safeguard the guarantee fund, and sell, or on a temporary basis, lease or rent the agricultural enterprise or rural development project for any use.

**Sec. 45. (a)** Before carrying out any of the powers granted under section 26, section 29, or sections 32 through 43 of this chapter, the corporation may adopt rules under IC 4-22-2 governing its activities authorized under this chapter, including rules relating to the following:

- (1) Procedures for the submission of requests or invitations and proposals for making loans to lenders and the investment in and purchase, assignment, and sale of loans.

(6) The type of collateral, payment bonds, performance bonds, or other security to be provided for any loans made by a lender for construction loans.

(7) The nature and amount of fees to be charged by the corporation or the authority to provide for expenses and reserves of the corporation or the authority.

(8) Standards and requirements for the allocation of available money among lenders and the determination of the maturities, terms, conditions, and interest rates for loans made, purchased, sold, assigned, or committed under section 26, section 29, or sections 32 through 43 of this chapter.

(9) Commitment requirements for agricultural financing by lenders involving money provided directly or indirectly by the corporation or the authority.

(10) Any other matters related to the duties or exercise of the corporation's or the authority's powers or duties under this chapter.

(b) In adopting rules governing its activities, the corporation shall consider the following factors relative to eligibility of borrowers for loans made or guaranteed under this chapter:

Whether the bonds are in the form and character of negotiable instruments, the bonds are hereby made negotiable instruments, subject only to provisions of the bonds relating to registration.

**Sec. 47.** This chapter shall not be construed as a restriction or limitation upon any powers which the corporation or the authority might otherwise have under any other law of this state, and this chapter is cumulative to those powers. This chapter shall be construed to provide a complete, additional, and alternative method for the doing of the things authorized and shall be regarded as supplemental and additional to powers conferred by any other laws.
